

19th Annual Family Orientation Weekend

May 23-24, 2020

Bring the Whole Family!!!!

Family Orientation Weekend is an opportunity for new campers and their families to experience the magic of Camp Netimus.

The weekend schedule will include activities, workshops, meals, and lots of time to visit with staff, returning families, and Directors. We give families a feel for a "day in the life of Camp Netimus" - camp schedule, activities, meals, cabins, and campfires are modeled after a typical day at camp. We have informal question and answer sessions for parents and campers, both together and separately, so you can air your excitement, anxieties, and thoughts about the upcoming summer adventure. Every aspect of camp will be discussed - from arrival to departure.
